CORE SKILLS

- **Language:** HTML, CSS, JS, Java, Python, C#
- **Libraries/Framework:** jQuery, Node.js, Angular2
- **Databases:** MongoDB, Amazon AWS, MySQL
- **Operating System:** Linux, Mac, Windows
- **Software:** SQLMap, Nmap, Wireshark, IntelliJ, Microsoft Office, Visual Studio Code

PROFESSIONAL EXPERIENCE

Cyber Medics LLC (Software Developer) – August 2019 - Present

Cyber Medics LLC (Internship) - February 2019 – August 2019

- Read documentation on different API's and used them to create my own.
- Deployed an Azure Function and used it in a web application.
- Used ASP.NET and Angular to create a web application for a client.

Stop the Violence and Embrace - November 2018 – January 2019

- Used 1&1's user interface to code as well as use their drag and drop features to design a modern looking website

Top 10 Merchant Services - November 2018 – January 2019

- Learned flexbox on the job to successfully design and implement credit card processor review site
- Started from boilerplate; coded website in HTML, CSS and transferred to WordPress
- Created page titles and meta tags

Prestige SF - October 2018

- Worked with bootstrap, HTML, and CSS to implement responsive website in three weeks.
- Transferred website to WordPress.
- Created page titles and meta

Perspective Co. - July 2018 – August 2018

- Perspective Co. (Worldwide) is a multimedia creative agency who produce live events for companies. Allowing the website to be separated evenly and have all the information organized took the longest.
- Website coded in HTML, CSS, JS (Library: swiper.js)
- Created page titles and meta tags

Digital Art Music Expo - May 2018 – July 2018

- An expo/festival held in Orlando Florida. Reading through documentation of how particles.js works and how to change particle shape and orientation was difficult.
- Coded in HTML, CSS, JS (Library: Particles.js)
- Created page titles, meta tags and placed strategic search phrases on pages

Education

Valencia College, Orlando FL

- Associate in Science, Computer Programming and Analysis – Expected Spring 2020

Achievements

- CodePen Top 10 Posts 2018 (7th): <https://codepen.io/2018/popular/posts/3/>
- Enterprise Connect 2018 Speaker
- Enterprise Connect 2019 Speaker
- TADHack-Mini 2018 Winners (Polls IO): <http://blog.tadhack.com/2018/03/12/tadhack-mini-orlando-2018-winners/>
- TADHack-Mini 2019 Winners (SaveMe): <http://blog.tadhack.com/2019/03/18/tadhack-mini-orlando-2019-summary/>
